Continuation of 5. does NOT place the application in condition for allowance because: The rejection of claims 9-13 under 35 U.S.C. 112, first paragraph, for lacking enablement, is maintained in part. The application still lacks enablement for in vivo use, as was discussed via a telephonic conversation with Applicants' representative.

The Prior Art rejections are obviated by the Rule 131 affidavit, wherein Applicants swear back of the Peschke article, namely the article by Peschke et al., J. Peneal Res. 23, pp. 156-163 (1997). The rejection of claims 9-10 as anticipated by Bailey et al. (Hormone Res. 5:21-28) is obviated via amendment to cancel claims 9 and 10.
